

Northstar Chevelle Club

June 13, 2015 Meeting Minutes

The June 13, 2015, Northstar Chevelle Club meeting was held at member Karl Drotning's shop, Crystal Lake Automotive, in Lakeville, MN. There were 12 club members present. The day started at 9:00 A.M., with the goal of cutting the body of an Impala Custom off its usable frame and transferring that frame to a Bel Air with a body in better condition than that of the Impala. After forcing Mitch to take a break so we could finally enjoy potluck lunch, President Chris Staniec called the meeting to order at 1:00 P.M.

Following a brief welcome and thank you to Karl for the opportunity, the treasurer's report was given. The balance in the checking account was approximately \$2,598, a \$50 decrease from the previous month's balance. Two membership renewals were offset by the typical monthly expenses for Yahoo and Sparklit Networks and the May meeting costs.

Webmaster John Delke submitted a report on the website and forum. There are currently 195 registered forum users averaging 15.6 posts per day. The website had 106 visitors from June 1 through June 7, and the average visitor spent 5 minutes and 51 seconds on the site. No issues with the website or the forum were reported in the last month.

Chris Staniec reminded members that license plates are now available for \$12 each.

The members in attendance discussed the Street Machine Nationals event to be held at the Minnesota State Fairgrounds in July. Since none of the officers will be able to attend, and none of the membership has committed to reserving club space, organizing lunch and holding a meeting, the club activities that used to take place at Car Craft will not occur this year. It was suggested that members attending Street Machine Nationals meet outside the grounds and arrive together if they desire to park near one another.

The membership was reminded that the NCC has committed to be the "Club of the Night" at the Saturday, August 8th Hastings Cruise-In. Volunteers are needed to man the gate from 4:30 P.M. to 9:00 P.M. Details will follow as the date approaches, but please put this on your calendars if you're interested.

Chris Staniec will confirm the date of the August "Chevelles and Shooting" event with Derek Kiefer so members can get that on their calendars, as well.

Official business discussion ended, and the meeting was adjourned at 1:25 P.M. However, the body and frame swap project was not yet complete, so back to work the crew went. By mid-afternoon, the swap was finished.
