

Northstar Chevelle Club

April 20th, 2019 Meeting Minutes

The April 20th, 2019, Northstar Chevelle Club meeting was held at Terry Didion's in Shoreview, MN. Twenty members and guests gathered as President Hank Millette called the meeting to order at 11:42 A.M.

The balance in the checking account was \$3,198, a \$37 decrease from the March balance. The decrease was attributable to website and forum costs.

No issues were reported with the website or forum. The discounts page now requires the Club username and password to access, as these are exclusive discounts available to members as a benefit of paying dues. Vintage Car Radio has been added to the discounts page. In addition to radios and speakers, they sell automotive art, custom consoles, interior and exterior lighting, seat belts and other accessories.

The next meeting will be a viewing of Mark Moriarity's 60's collection in Mound on May 18th. Members should watch their e-mail and the forum for further details.

The June meeting has not yet been scheduled but will likely be a tech session related to the ignition/distributor on Andrew Kraling's Chevelle.

The tour of Kiss's Classic Cars in Hampton is being rescheduled due to road conditions.

We are the "Club of the Night" in North St. Paul July 26th. The only responsibility the club has for that event is guiding our own members into the parking lot; there are no gate-manning responsibilities.

The Club thanked Terry for hosting a viewing of his train collection.

Business discussion ended, and the meeting was adjourned at 11:50 A.M.
