

Northstar Chevelle Club July 20th, 2019 Meeting Minutes

The July 20th, 2019, Northstar Chevelle Club meeting was held at Street Machine Nationals at the MN State Fairgrounds. Ten members and guests gathered as President Hank Millette called the meeting to order at 12:29 P.M.

The balance in the checking account was \$2,905, a \$55 decrease from the June balance. The decrease was attributable two new memberships, offset by June meeting, forum, and Yahoo costs.

Webmaster Steven Coozenoy stated that no issues have been reported with the forum. However, Andrew Kraling heard that Jody of Jody's Transmissions was having trouble registering.

Members in attendance discussed a donation to Invisible Wounds. It was decided that individual members can contribute if they choose, and the Club will not make a separate donation.

We are the "Club of the Night" in North St. Paul Friday, July 26th. The only responsibility the club has for that event is guiding our own members into the parking lot; there are no gate-manning responsibilities. We need to have at least one club member at the parking lot by 5:00 P.M. Hank Millette plans to be there at 4:00 P.M. Assistance monitoring entrance to the lot would be appreciated. The entrances to the lot are roped off, and members should enter from the alley at the back side of the lot. From 7th Ave. E, turn South on Margaret St. N. After about one block, turn West into the alley. There is a map in the members-only forum thread entitled *North St. Paul 2019*.

We are "Club of the Night" in Hastings August 10th. The parking lot designated for the "Club of the Night" is now a parking ramp. When the time comes, we will need a headcount, as Club parking spaces will be reserved on the first floor of the parking ramp. The meeting that day will be held at 4:00 P.M.

We still need to schedule September and October meetings. Suggestions were discussed by members in attendance, and further details will be available as plans are finalized.

Business discussion ended, and the meeting was adjourned at 12:43 P.M.
